

Becoming a Plastic Clever School

We are a Plastic Clever School and were awarded the status because of the school's commitment to reducing the use of single use plastic.

<https://www.kidsagainstoplastic.co.uk/>

To gain the status the whole school were involved in raising awareness of the environmental impact of single use plastic. A whale display was created using plastic bags; we went on a local campaign march and some children were interviewed on Radio Sheffield and others appeared in the local newspaper. There was a real buzz surrounding this campaign. On the Kids Against Plastic website, our school was even used as an example of a junior school campaign. See Case studies-Junior School Settings

The BIG 4 single use plastic items that we still focus on reducing are bottles, straws, plastic bags and plastic cups.

If you have any ideas and suggestions to help reduce plastic waste in our community please get in touch with the RRS Council via our school email.
